WORK EXPERIENCE

Aga Khan University   **Karachi, Pakistan**
Programmer Analyst   *Dec 2023 - Present*

- Delivered high-quality, scalable web applications with React.js and Next.js, ensuring optimal performance and superior user interfaces.
- I led an intensive React.js bootcamp, guiding beginners through foundational concepts and hands-on projects to build their skills and confidence in front-end development.
- Utilized SharePoint for document management, creating collaborative environments, and developing intranet/extranet sites to facilitate team communication and knowledge sharing.
- Developed and maintained SQL databases, including data modeling, schema design, and optimization for improved data retrieval and manipulation.
- Designed and executed database queries, stored procedures, and views to extract and manipulate data for reporting and analysis purposes.
- Developed and maintained backend services using C# in conjunction with the NET Framework, focusing on code reusability, modularity, and maintainability.

Isystematic Inc   **Karachi, Pakistan**
Software Engineer   *Jan 2021 - Nov 2023*

- Developed interactive website and mobile app UIs using React.js, Next.js, HTML, and Ionic.
- Transitioned our 4-year-old core product Walletly from Angular to React.js, with a full user experience redesign, improving page load time by 40%.
- Lead front-end developer for Minti, resulting in a 60% increase in user engagement and product success.
- Mentored 5 team members, enabling them to achieve their professional and personal goals.

PROJECT EXPERIENCE

Walletly.ai

React.js, Nodej.s, Express, MongoDB, Stripe

- Led the development of a SaaS platform for reward and loyalty programs, which led to increased customer engagement.
- Additionally, I engineered RESTful APIs using Node.js, which reduced backend response time by 30%.
- Furthermore, I integrated third-party chatbots, resulting in a 50% increase in customer engagement.

Minti.ai

React.js, Node.js, Firebase, Stripe, Socket.io

- I developed a job-seeking website that connects job seekers and employers.
- To enhance the hiring process, I built a real-time chat application module. As a result, leading to a massive satisfaction rate among clients.

SKILLS

Technical Skills: React.js, Next.js, JavaScript, TypeScript, Ionic, HTML5, CSS3, Tailwind, Redux, Material UI, Bootstrap, Webpack, Jest, Enzyme, NPM, RESTful APIs, Yarn, Node.js, SQL, Python, MongoDB, Firebase, Stripe, AWS, Web services, SharePoint, JSON, Git, Api Integrations, Google Analytics (GA4)

Soft Skills: Communication, Creativity, Problem-solving, Teamwork, Time management

EDUCATION

COMSATS University   **Islamabad, Pakistan**
Bachelors of Computer Science   *Graduation Date: Jan 2021*

PROFESSIONAL CERTIFICATES

- **Advanced React** *Online Course* - ***Meta***
- **Foundations of Project Management** *Online Course* - ***Google***
- **Innovation Management** *Online Course* - ***Erasmus University Rotterdam***
- **Python for Data Science, AI & Development** *Online Course* - ***IBM***
- **Tools for Data Science** *Online Course* - ***IBM***

LANGUAGE

- **IELTS Academic** *(7.0 Overall)*
